

# Andrea Lacson

## Web Developer

www.andrealacson.com  
hello@andrealacson.com

## About Me

Ask me about Javascript, React, and diversity. I'm looking for opportunities to build things that help people, as well as the chance to keep learning.

## Skills and Tools

### Responsive Web Design

- HTML, CSS, SCSS, Sketch, Web Accessibility, Mobile First Design

### Javascript Basics

- Vanilla Javascript, ES6, Functional Programming, Restful APIs

### Front End Libraries

- jQuery, React

### Databases

- Firebase, AWS

### Other Skills

- Git/Github, Pair Programming, Mob Programming

## Education

### Web Development Immersive Juno College

Oct 2019 - Dec 2019

### Intro to Web Development Juno College 2019

### Intro to JavaScript Juno College 2019

### BSc in Mental Health & English University of Toronto Scarborough 2012 - 2017

## Personal Projects

### Diverse Lit

React

Accessible website that filters through books by diverse authors, using multiple APIs and React Router to create multiple product pages.

andrearose26.github.io/DiverseLit/

### Bowser Bash

JavaScript

Interactive keyboard game created with jQuery. User must catch Bowser, while the speed increase and multiple other characters appear.

### House of Anansi Website

Metadata

Collaborated with a web developer and BookNet Canada to integrate and test a Shopify plugin and update UX and UI of site.

houseofanansi.com

## Work Experience

### Data Administrator, House of Anansi Press

Sept 2017 - Oct 2019

- Managed all print and digital metadata for entire publishing catalogue.
- Worked on the House of Anansi website redesign to integrate a new book metadata plugin.
- Languages worked with: HTML, XML and ONIX for Books.

### Rights Assistant, House of Anansi Press

May 2017 - Sept 2017

- Pitched and sold foreign rights of titles to different countries.
- Negotiated and drafted permissions agreements for Anansi and Groundwood titles.

## Community Involvement and Speaking Engagements

### Associate Publisher, On The Danforth Magazine

- Led a team of 25, exceeding an ad revenue target of \$10,000.

### Tech Forum 2019, BookNet Canada

- Presented on a panel introducing a Shopify data plugin for publishing companies.
